Report:

Resulting from information received from the Senior Vice President requires the captain and wicketkeeper (at close of play) of the Cockburn ODF team to attend a Protests and Disputes Tribunal on Monday 18 November 2024, at 7:30pm. I am advised that, "On the last ball of the game, there was a single and despite batsman making the crease opposition wicket keeper and players started abusing the entire Canning Vale team and crossed all limits wicket keeper kicked the stumps and constantly chanting cheaters and used constant abusive language. They also took/pulled the scorebook without even having final bowling figures etc.".

Tribunal notes:

The P&D heard all the evidence and concluded that whilst there was a heated exchange the Cockburn Wicketkeeper had not kicked the stumps and the words cheater were used not necessarily directed at the Canning Vale players but more from frustration. The P&D found that Dan Bloomer had no case to answer. However, they issued a warning to ensure that they keep their emotions in check.

Penalty: Not Guilty
